COMPLETE RAILROAD TIE-UP LIKELY

James Lewis Applegate

It is with deep regret that we chronicle the death of one of the really worthy-to-live young men of this city. From his youth up 'Jimmie Lew' as he was known to all was a prime favorite among all his acquaintances, at home and abroad, in business circles and social circles and in every of the walks of life. No ostentation, the placidly patient man during his long illness of a wasting disease, the same in critical times for business, among all classes of men, never vociferous of his purposes or opinions, gentle yet firm, keen to accomplish something worth while, Jimmie Lou Applegate was a model in business, morals and social make-up worthy to be fashioned after. Despite the most careful attention to his health by himself and relatives, he gradually wasted away and the anguish felt because nothing could be done to stay the ravages of disease was most poignant.

James Lewis Applegate son of Geo. H. and Mattie Applegate was born February 3, 1883 at the Applegate farm in the eastern suburbs of this city, was educated in the schools here and a business college in Kansas City and at an early age 15 years ago, went to Shreveport, La., where he engaged in the big mercantile business conducted by Hearne Dry Goods Co. becoming one of the managers and principal buyers. During his residence there he wooed and won Miss Lila Belcher and November 11, 1912 their marriage was solemnized. The confinement in the big store being inimical to the health of Mr. Applegate he came with his family to this city and engaged in farming principally, but forced to give up active interest in that pursuit by the encroachments of his malady.

For several weeks he has been practically confined to his bed and Sunday afternoon at 4:15 he lost the battle for life.

Tuesday morning, August 5 funeral ceremonies were conducted at the residence of his mother, Mrs. Mattie Applegate, Rev. M. C. Davis delivering a short history and eulogy and interment in the city cemetery where a great number of the friends of the deceased and his family assembled to testify their friendship and sorrow.

Surviving are: his mother, Mrs. Mattie Applegate, his father having preceded him to the grave by nearly three years; his widow, daughter Mary, sister Miss Louise, brothers Wallace, Herbert and a number of other relatives and a host of sorrowing friends and members of the Methodist church of which he was a member who mourn his loss.

Marvin Drace is still in St. Louis and we are glad to learn, improving, tho slowly.

Federated Labor Issues Ultimatum to Government Food Control Act Still in Force and Hoarders to Be Prosecuted.

Profiteering to be Abated by Administration. League of Nations More Unpopular Each Day. Secret Treaties and Pacts Disclosed.

The various organizations of railway employees and federated labor unions demand that the railroads of the country be not turned back into hands of private owners but be owned and operated by the public railway employees and the government exercising some sort of control. Shopmen have struck on several roads and a general tie-up of traffic is expected in less than 30 days.

President Wilson has set all government machinery to work on the high cost of living problem. Hoarders will be prosecuted under the food control act, but the closing down of factories and mills for want of raw material and coal will be inevitable if the general strike threatened is not prevented by action in accord with demands of labor. Heads of organizations refuse to let the questions be submitted to

Congress because of delay in that body.

The secret pacts and treaties which are coming to light further dim the prospects of the U. S. Senate ratifying the covenant for a league of nations. Secretary Lansing said the American plan was not presented to the conference at Versailles nor were the fourteen points laid down by President Wilson discussed there.

Wheat shipments have been curtailed in Kansas City and St. Louis and live stock deliveries lessened. All kinds of freight is declined for shipment at many points. In a few days it is expected that no freight of any kind will be handled by railroad trainmen and agents. A condition second to none in any country in the world is imminent in the United States.

The Same at 74

Judge Ashburn S. Taylor passed his 74th mile post marked birthday Tuesday. He was surprised with a big dinner at home and otherwise reminded that he was getting along in years but if any change in his appearance or activity since he was 40, no one can notice it, not even himself.

"The" judge is about as busy as a man at 30 would wish to be and feels like going in for a good time with his friends at a moment's notice. At present he is without a home he can call his own but that does not detract his genial disposition nor concern him about where he and Mrs. Taylor will camp next.

We heartily congratulate the distinguished business man on his good health and supple frame and trust that he will pass the century post still strong and enjoying the things he likes, food and solid.

Fritz is a strong one but he could not hold his own in this case.

The Home Coming for the soldier boys at Mendon Saturday was a big affair tho the attendance was not what was to have been expected considering the program. The parade was fine, the band always good and the tail game the punkest ever put out by fans. Score 18 to 0 in favor of Macon. Our boys were a mixed lot and weary and all but worked the pitcher, Jim Dee to death trying to cut some ice on the hot day.

The fine rain last Friday night settled the corn question. Just as well build more cribs. The heavy rain Tuesday morning was only in spots, this city being one of the spots. Northeast of town there was nearly a flood and nothing doing north. From Heck Hill west there were not more than 39 drops while south-east the rainfall was heavy. Any way late planting is safe and still more cribs will be needed. An average of 50 bushels to the acre in the county is the least that can be expected.

Judge A. S. Taylor sold his beautiful home and the land 80 acres of which about 25 acres is bottom, to Jarve Bennett the latter part of last week, consideration \$20,000. While the price is a big one, the place is worth it or Jarve never would have seen it in it and, according to his custom in trading, would have shied around a deal. There is scarcely a prettier place in the county nor one more conveniently located and improved and it is just what Jarve needs in his business. While Judge and Mrs. Taylor have no home now, they will find something requiring less work in which to keep in shape and which will suit them just as well or better, and in town, of course.

Celebrates 80th Birthday

Mr. Louis Kinkhorst of Brunswick was 70 years old July 27 and the day was made most enjoyable for the octogenarian and many others by a big dinner at the Cut-Off under the supervision of Col. John Randolph and manager Bert Randolph, the dinner prepared by "Aunt Minnie" according to the account given by the Brunswicker.

Mr. Louis Kinkhorst has been in Brunswick and identified with that thriving city's enterprises for so long we, tho past 40, do not recall the number of years. He has been and is yet, at the head of some of the principal business interests of the city and tho advanced in years, is about his business every day. He organized and was at the head of a cornet band second to none in North Missouri for years and is still inclined to music making. Thru the long years of labor and multifarious business connections, the genial and public spirited man retained health and activity, and as the long drawn out thread of life grows shorter, see the fruits of his planting and care with satisfaction. We heartily congratulate our old friend and wish him many more years of placid enjoyment of life's victories.

Those present at the anniversary celebration were: Mr. Louis Kinkhorst, Miss Minnie Kinkhorst, Mr. and Mrs. L. V. Strub and son Victor, Mr. and Mrs. Ludwig Kinkhorst, Mr. and Mrs. C. B. Wallace and children, Ben Kinkhorst and daughters, Wanda and Joan, Rev. and Mrs. F. G. Walthers and daughter, Miss Paula; Mrs. P. E. Rae, Miss Rowland and Rowland Collins, of Chicago, and Mr. and Mrs. Frank Klein, of St. Louis.

Wm. Graves and John Cowser of the Mike neighborhood were in town Monday.

Mr. and Mrs. Floyd Gordon of Crystal City are the parents of a 9 pound girl born last week. Floyd stated in a letter to relatives that she was the only pretty baby he ever saw.

Steve Mosely will move his cafe to the front and be found hereafter at the stand two doors west of the Courier office. He has a splendid place now for convenience and cleanliness and with the needed room to handle his trade.

Mrs. Jim Rice and children drove their Ford to Salisbury Saturday. As they were about to start for home, the gas caught fire at the carburetor and for a time it was a chance only against consuming the car. It was reported that the car had burned but only slight damage was done to it.
